ARCTIC HAYES

CHOOSE ARCTIC HAYES FOR QUALITY PRODUCTS, FAST DELIVERY AND GREAT SERVICE.

With Headquarters in Leeds, Arctic Hayes are among the UK's largest suppliers of professional plumbing tools and equipment. Our most popular products include Arctic Spray pipe freeze, Vortex gas, and Sleepsafe Carbon Monoxide alarms.

Our portfolio comprises of over 450 products – the result of continuous investment in product development, quality internal procedures, and in our team. As a customer of Arctic Hayes you will benefit from dealing with a knowledgeable company who delivers an efficient and reliable service.

SOCIAL AND ETHICAL RESPONSIBILITIES

We focus on the social and ethical responsibilities of our manufacturing partners, and are working to BSCI and SEDEX standards with all suppliers.

Arctic Hayes is ISO9001:2015 certified which ensures we are customer focused in addition to maintaining quality management systems.

Arctic Hayes is committed to continuous development and improvement.

By implementing ISO14001:2015 we are resolute in reducing our environmental impact – recycling waste materials, improving our resource efficiency and protecting the environment. Where applicable, products conform to UK regulations – UKCA and European directives(CE).

OVERSEAS OFFICES AND OUTLETS

Our Chinese office is situated in the busy manufacturing city of Shenzhen. This team maintains excellent communication between our business partners in China, Taiwan and Hong Kong, and our Head Office in Leeds, UK. Our efficient team help us manage our Far-East supply chain, and mitigate any risk to purchasing and manufacturing goods in China. By working closely together, our UK and Chinese offices allow us to provide a comprehensive product sourcing solution. This includes support in the manufacturing process, factory audits and in pre-shipment inspections. Alongside this, all logistical requirements are taken care of, avoiding unnecessary delays or inconveniences. This guarantees we receive high-quality products at competitive prices.

SPRAYS

LEAK DETECTOR SPRAY

Used to trace costly and potentially dangerous gases and compressed air leaks. Produces a micro-porous foam designed to identify the smallest leaks.

- Aerosol delivery for high-powered application
- Safe to use in confined areas
- Non-flammable
- Non-corrosive
- Meets requirements of BS EN 14291:2004
- Not to be used on oxygen

Part code	Description	Size
PH020	Leak detector spray	400ml

NEW

SILICONE SPRAY

An ideal plumbers grease, designed to lubricate rubber, plastics and other materials. Suitable for use on taps, valves and other water fittings.

- Lubricates rubber, plastic and other materials
- Ideal as a plumber's grease
- Complies with UK water fitting bylaws
- Works on O-rings & push fit joints
- WRAS approved

Part code	Description	Size
PH040	Silicone spray	400ml

NEW

SPRAY DUSTERS

New eco-friendly non flammable formulation with a high powered aerosol application to force dust and debris out of hard to reach areas such as burner jets, heat exchangers or keyboards.

Features a detachable nozzle straw.

- Invertible can works at any angle
- Contains 95% lower Global Warming Potential than HFC gas
- Prevents rusting
- Safe in confined spaces
- Non-flammable
- Non-corrosive
- Non-contact

Part code	Description	Size
ZE29	Spray Duster	120ml
ZE294	Spray Duster	300ml

NEW

GT3 GAS TORCH

The Arctic Hayes new addition GT3 is fast and effective for all brazing/ soldering applications, with its choice of 3 x interchangeable burner heads it's also great for Intricate/ stripping and burning jobs.

- Instant piezo ignition
- Standard CGA600 thread compatible with Map-X and Propane gas
- Flame lock
- Flame regulator adjustment knob
- Super Fine Burner, Turbo Power Burner and Super Wide Burner included

Part code	Description
GT3	GT3 gas torch

NEW

PRO BRAZING TORCH

Vortex Brazing Torch is lightweight, durable and easy to use. Designed for use with MAP-X and Propane gas cylinders with CGA600 thread.

- Instant piezo ignition
- Cool tip technology
- Aluminium lightweight handle
- Standard CGA600 thread
- Compatible with MAP-X and propane
- Safety lock
- Flame lock
- Single turn flame regulator adjustment knob

Part code	Description
VPRO	Vortex brazing torch

NEW

1200°C PROFESSIONAL SOLDER MAT

Premium construction solder mat which offers high-performance protection during soldering and brazing. Built tough, with multi-layered for maximum insulation. Suitable for use during all types of brazing and soldering work.

- Double thickness construction
- Woven glass fibre edge binding to eliminate fraying
- Withstands temperatures up to 1200°C
- 290mm x 200mm

Part code	Description
VSM1	Professional soldering mat

NEW

MATS / BUCKETS

1800°C PROFESSIONAL HEAT MAT

Premium high temperature heat mat which offers extra protection when using high-temperature equipment or when maximum heat protection is desired. Built tough and multi-layered for maximum insulation. This is the highest rated heat mat in the Vortex range, with water-resistant backing.

- Multi-layered construction
- Withstands temperatures up to 1800°C
- Designed for use with Vortex brazing and soldering torches
- 290mm x 200mm

Part code	Description
VPHM1	Professional heat mat

NEW

10L COLLAPSIBLE BUCKET

This compact, convenient, and versatile collapsible bucket beats the everyday standard bucket when storage is limited. Its portability makes this an essential tool if at work, home or play.

- BPA-FREE
- Robust handle makes carrying easy
- Made from TPR & PP
- Pop-up to open when using and collapses to flat for space saving
- Open sizes: base dia 200mm, bucket mouth dia 285mm, height 250mm
- Space saving fold away o/a size: dia 290mm, width 140mm, height 330mm

Part code	Description	Weight	Size
CWB10L	Collapsible bucket	404g	10L

NEW

20L FOLDING BUCKET

This durable, flexible, folding bucket is great for everyday jobs if at work, home or play, with its durability guarantees long lasting performance.

- Flexible handles make carrying easy
- Made from 500D PVC
- Perfect water carrier for all those plumbing, building Jobs
- Open sizes: base dia 290mm, bucket mouth dia 290mm, height 300mm
- Space saving fold away o/a size: dia 290mm, width 140mm, height 30mm
- Weight 518g

Part code	Description	Weight	Size
CWB20L	Folding bucket	518g	20L

NEW

PROFESSIONAL WORKMATS

All Arctic Hayes work mats are resistant to oil, water, bleaches, detergents, heating additives and more. Can be used for internal and external use. 100% polyester, professional work mats are waterproof and anti-slip and come with a free storage bag.

- Resistant to a number of chemicals including bleaches, detergents, solvents
- Waterproof, oil resistant and washable
- Anti-slip
- For interior or exterior use
- Handy slits for working around pipes
- Includes a free storage bag

Part code	Description	Size
WM1	Workmat	1200mm x 750mm
WM2	Workmat	1800mm x 850mm
WM3	Workmat	1800mm x 1500mm
WM4	Workmat	3200mm x 700mm

FOAM RUBBER KNEELING MAT

An essential tool for every plumber and trades person. Helps to protect knees from hard surfaces and flooring during routine maintenance work.

- 30mm thickness
- 100% NBR Foam rubber
- Light weight
- Anti-slip
- Wipe clean
- For interior or exterior use

Part code	Description	Size
KM2	Foam rubber workmat	463mm x 215mm

PADDED KNEELING MAT

Helps to protect knees from hard surfaces and flooring during routine maintenance work.

- Thick foam construction
- Easy to store and keep handy in a van or car

Part code	Description	Size
KM1	Padded kneeling mat	455mm x 250mm

PROTECTION

25M CARPET PROTECTOR

Excellent protection for carpets during refurbishment and decoration. Every tradesman should have some!

- Rip-resistant construction
- Quick and simple to apply and remove
- 600mm x 25m x 200g

Part code	Description
CPI	Carpet protector

NEW

25M HARD FLOOR PROTECTOR

Excellent protection for hard-floors during refurbishment and decoration. Every tradesman should have some!

- Suitable for most hard floor surfaces
- Rip-resistant construction
- Quick and simple to apply and remove
- 600mm x 25m x 200g

Part code	Description
HFP1	Hard floor protector

NEW

STAIR RUNNER COTTON DUST SHEET

Protect your stairs or hallway during painting or other maintenance work with our cotton stair runner dust sheet. Medium duty, suitable for use in the home or for industrial applications.

- Medium duty
- 100% natural cotton
- Reusable and durable
- Suitable for home-based or industrial applications
- Machine washable
- 7.3m x 0.9m

Part code	Description
A666009	Stair dust cover

NEW

LAMINATED DUST SHEET

Protect floors and carpets during painting or other maintenance work with our laminated dust sheet. Suitable for use in the home or industrial applications, machine washable, water and paint resistant.

- Reusable, drapes well
- Multi-purpose
- Highly absorbent, water and paint resistant
- Polythene backing
- Machine washable
- 3.6m x 2.8m

Part code	Description
A666013	Laminated dust sheet

COTTON TWILL DUST SHEET

Protect floors and carpets during painting or other maintenance work with our cotton twill dust sheet. Suitable for use in the home or industrial applications, machine washable and reusable.

- 100% natural cotton
- Reusable, drapes well, can be used to protect furniture
- Multi-purpose
- Machine washable
- Professional quality
- 3.6m x 2.8m

Part code	Description
AD62822	Cotton twill dust sheet

WATERPROOF ABRASIVE CARBIDE ROLL

Continuous roll of silicone carbide abrasive, perfect for cleaning copper tubes before soldering, or roughing up plastic pipes before jointing. Lengths can be cut to size.

- Washable and waterproof
- 180 grit, medium grade
- Long-lasting, waterproof and non clogging
- Not suitable for use on stainless steel products
- 38mm x 5m

Part code	Description
A662102	Abrasive carbide roll

ABRASIVE

WATERPROOF ABRASIVE CARBIDE STRIPS

Pack of 10 Long-lasting, waterproof, non clogging silicone carbide abrasive strips. Perfect for cleaning copper tubes before soldering or roughing up plastic pipes before jointing.

- Webbed design to increase effectiveness
- 180 grit, medium grade
- 38mm x 250mm

Part code	Description
A662100	Abrasive carbide strips

NEW

STEEL WOOL

Arctic Hayes steel wool for general purpose work, cleaning of copper pipes and plumbing fittings, paint removal, paint and metal preparation such as car bodywork.

- Medium grade steel wool
- Multi-purpose
- 0.45kg roll

Part code	Description
WB28	Steel wool

NEW

STEEL WOOL PADS

Arctic Hayes steel wool pads for general purpose work, cleaning of copper pipes and plumbing fittings, paint removal, paint and metal preparation such as car bodywork.

- Medium grade steel wool
- Multi-purpose
- Pack of 8 pads

Part code	Description
WB8	Steel wool pads

NEW

GRIPSTER NITRILE GLOVES

These patented, fish scale gloves offer superior performance with unparalleled strength and grip. These fit for purpose gloves provide protection for a wide variety of heavy duty applications.

- Patented non-slip design
- Fish scale surface for wet and dry grip
- Traction grip inside and out for extra grip
- Touch screen friendly
- Chemical resistant
- CE Level 5, maximum dexterity
- 100% Nitrile
- Latex & silicone free
- Powder free
- Ambidextrous
- Colour black
- 50 in box

Part code	Description	QTY
GRIP50BKL	Gripster nitrile gloves	Large (box of 50)

NEW

PUGGY PU WORK GLOVES

Featuring a very tough polyurethane coating with extreme abrasion resistance.

Maximum flexibility and manoeuvrability make these gloves popular with scaffolders and plumbers as they are grippy without being restrictive.

- Individually bagged
- Nylon liner glove
- Polyurethane palm coated
- Machine knitted
- Integral elasticated wrist
- Score: 4 1 3 1

Part code	Description	Size
A445036	Puggy Pu work gloves	Large

NEW

CLOTHS

MICRO FIBRE CLOTHS

NEW

Our multi-purpose cleaning cloths are highly absorbent, lint-free, and perfect for any surface: metal, plastic, wood, ceramics, glass, and more.

- Clean up spills and leaks everywhere
- Cleaning radiators
- Cleaning the inside of the van/car
- Boiler case cleaning
- Ideal for cleaning tools, hands, and surfaces
- Reusable, launder up to 200 times
- Quick-drying and machine washable
- Static charge traps dust
- Effective wet or dry
- Made of 88% polyester & 12% polyamide

MFCBOX12

MFCBOX50

MFCROLL30

MFCBOX5

Part code	Description	Size	QTY
MFCBOX12	Micro fibre cloths	300mm x 300mm	Box of 12
MFCBOX50	Micro fibre cloths	300mm x 300mm	Box of 50
MFCROLL30	Micro fibre cloths	300mm x 300mm	Roll of 50
MFCBOX5	Micro fibre cloths	400mm x 400mm	Roll of 5

LESS WASTE: TAKE THEM HOME, WASH AND REUSE.

3-PLY BLUE ROLL

Heavy duty construction makes this blue roll ideal for engineering or mechanical environments and suitable to keep in the back of a work van or domestic car for those unexpected spills.

- 3-ply
- 97 sheets per roll
- Highly absorbent, heavy duty

Part code	Description	Size
A445031	3-ply blue roll	Approx 250mm (H) x 380mm (Sheet Length) x 40m

NEW

WHITE & MIXED COTTON RAGS

White and mixed colour rags for heavy duty or industrial cleaning. Ideal all-purpose cleaning cloths. Not recommended for polishing.

- Durable & reusable
- Machine washable
- Mixture of cotton-rich material
- Ideal for heavy industrial cleaning
- Cost-effective cleaning solution
- Manufactured from poly cotton sheeting and shirts

NEW

Part code	Description
RAG1	10kg mixed rags
RAG2	10kg white rags

PRODUCT FOCUS

HEAVY DUTY DIRTY SCRUBBERS

CODE: DSW80

The dirty scrubbers hand wipes are formulated to clean hand, tools, surfaces. Helping remove wet adhesives, expanding foam, silicone's, grease and much more, without the need for added water. Keep tub sealed when not in use to prolong the lifespan of the wipes.

- REMOVES**
- ADHESIVE
 - PAINT
 - GAP FILL
 - PU FOAM
 - OIL
 - SILICONE

- 80 wipes per tub (200mm x 260mm)
- Cleans hands, tools & surfaces
- Fantastic degreaser
- Effective against dirt and grime
- Removes adhesives, caulk, oil, paint, PU foam, silicone, grease, gutter seal
- Quat free
- Alcohol free
- VOC free
- Food safe
- No harmful residues
- Protects hands and skin
- Dermatologically tested as "Excellent"
- No additional PPE is required

TAPE

ALUMINIUM FOIL TAPE

Superior to duct tape and recommended for use where a moisture barrier is required as well as low temperature resistance. Also suitable in reinforcing fiber-glass and mineral-wood thermal insulation, as well as roof and gutter repair.

- 50mm wide
- 45m length roll
- 30µm thickness

Part code	Description
A662021	Aluminium foil tape

NEW

GAS PTFE TAPE

High density, EN certified gas PTFE thread sealant tape. Suitable for use on gas and oil lines, taps and fittings.

- Conforms to EN751.3 GRp specification
- Conforms to BS5292 and BS6974
- Suitable for threads up 50mm
- Size: 12mm wide, 0,2mm thick
- Roll length: 5m x 1,0g/cm³

Part code	Description
A662014	Gas PTFE tape

NEW

STANDARD PTFE TAPE

Specially designed to help seal threads on fittings. Suitable for use on water and oxygen lines, taps and fittings. Not suitable for use with gas lines or gas fittings.

- Non-flammable thread sealant
- Resistant to all acids, alkalis and solvents
- Suitable for use with drinking water
- Size: 12mm x 12m

Part code	Description
A662016	Standard PTFE tape

NEW

STEM THERMOMETER

A simple to use thermometer ideal for testing liquids, semisolid and solid materials..

- Shows Max and Min readings
- User selectable °C or °F
- Temperature range: -55°C to +330°C / -58°F to 626°F
- 145mm x 4mm probe length
- Supplied with its own probe protective sheath
- Conforms to EMC and RoHS directive
- CE and UKCA compliant
- Battery: 1 x 3V CR1220 button cell (included)

NEW

Part code	Description
AH02	STEM thermometer

COMPACT DIGITAL THERMOMETER

Compact Digital Thermometer combines a modern compact design effective device for liquids, semi-solids and solids.

- Shows Max and Min readings
- Temperature range: -50°C to +150°C / -58°F to 302°F
- 100mm x 3.5mm probe length
- Conforms to EMC and RoHS directive
- CE and UKCA compliant
- Battery: 1 x 1.5V button cell (included)

NEW

Part code	Description
AHCT1	Compact digital thermometer

NON-CONTACT DIGITAL INFRARED THERMOMETER

Perfect for measuring the temperature of hard to reach objects. Unique 12 point circular measurement area allows clear and accurate readings.

- Laser target pointer
- D:S 12-1 (distance to spot ratio)
- Automatic power off function
- Temperature range: -30°C to +380°C / -22°F to 716°F
- Conforms to EMC and RoHS Directive
- EN60825 compliant for laser
- CE and UCKA compliance
- Battery: 2 x 1.5V AAA (included)

NEW

Part code	Description
AH650	Non-contact digital infrared thermometer

THERMOMETER - DUAL INPUT

DIFFERENTIAL THERMOMETER DUAL INPUT KIT 1

Provides engineers with everything needed to accurately measure temperatures. The kit has been designed to be a useful tool for gas, heating and plumbing professionals. Ideal for flow and return differential for balancing radiators as well as cold water inlet and hot water outlet temperatures.

- 1 x Dual Input Thermometer (AHTH)
- 1 x Surface Temperature Probe (TPS1)
- 1 x Air & Liquid Temperature Probe (TPA1)
- 2 x Pipe Clamp Temperature Probes (TPPC1)
- 2 x 1m K-Type Thermocouple Wires (TC1)
- Battery: 1 x 9V (included)

**NEW**

Part code	Description
AHKT1	Differential thermometer dual input kit 1

DIFFERENTIAL THERMOMETER DUAL INPUT KIT 2

Provides engineers with everything needed to accurately measure temperatures. The kit has been designed to be a useful tool for gas, heating and plumbing professionals. Ideal for flow and return differential for balancing radiators.

- 1 x Dual Input Thermometer (AHTH)
- 2 x Pipe Clamp Temperature Probes (TPPC1)
- 2 x 1m K-Type Thermocouple Wires (TC1)
- Battery: 1 x 9V (included)

**NEW**

Part code	Description
AHKT2	Differential thermometer dual input kit 2

THERMOMETER - DUAL INPUT

ARCTIC
HAYES

DIGITAL THERMOMETER DUAL INPUT

Delivers a fast response reading and covers a wide range of temperature range. Takes the temperature measurement in most heating, ventilation, cold storage and air conditioning applications.

- Easy to view LCD display
- User selectable °C or °F
- 2 x K / J Type ports
- Temperature range: K-Type: -200°C to +1370°C / -328°F to 2498°F
- Temperature range: J-Type: -200°C to +1100°C / -328°F to 2012°F
- Temperature range: -30°C to +380°C / -22°F to 716°F
- Includes 2 x 1m K-Type thermocouples (to EN 60584)
- Conforms to EMC and RoHS directive
- CE and UKCA compliant
- Battery: 1 x 9V (included)

THERMOMETER - DUAL INPUT

Part code	Description
AHTH	Digital thermometer dual input

NEW

SOLDERING & HEAT MATS

Extra protection when working with high-temperature equipment.

SEE PAGE 5

TEMPERATURE PROBE

K-TYPE AIR & LIQUID TEMPERATURE PROBE

Measures both air temperature and the temperature of liquids including water, oils, detergents, semi-solids and non toxic chemicals. Exposed thermocouple bead, covered by a perforated stainless steel probe allowing free passage of air and liquid.

- Compatible with any K-Type thermometer or multimeter
- 100mm probe length, 5mm diameter, 1m cable length
- Temperature range: -40°C to +250°C / -40°F to 482°F
- Conforms to RoHS directive
- BS EN60584-1, BS EN60584-3 complaint

Part code	Description
TPA1	K-TYPE air & liquid temperature probe

NEW

K-TYPE SURFACE TEMPERATURE PROBE

Measure temperature of radiators, hot plates and pipes and ideal for temperature measurements on all flat surfaces.

- 15mm Spring loaded thermocouple tip
- Compatible with any K-Type thermometer or multimeter
- 100mm probe length, 5mm diameter, 1m cable length
- Temperature range: -40°C to +600°C / -40°F to 1112°F
- Conforms to RoHS directive
- BS EN60584-1, BS EN60584-3 complaint

Part code	Description
TPSI	K-TYPE surface temperature probe

NEW

K-TYPE VELCRO PIPE STRAP PROBE

Easy to use Velcro pipe strap probe. Ideal for various size pipe measurements.

- 320mm x 20mm Velcro strap
- 2 metre long lead
- Max. temperature 150°C

Part code	Description
A8125	K-TYPE velcro pipe strap probe

NEW

TEMPERATURE PROBE

ARCTIC
HAYES

1M K-TYPE THERMOCOUPLE WIRE

Used to measure both air temperature and the temperature of liquids including water, oils, detergents and non-toxic chemicals.

- Ideal for use in ovens, fridges and freezers which allow access
- Compatible with any K-Type thermometer or multimeter
- Temperature range: -40°C to +200°C / -40°F to 392°F
- Conforms to RoHS directive
- BS EN60584-1, BS EN60584-3 complaint

NEW

Part code	Description
TC1	1m K-TYPE thermocouple wire

THEMOMETER - DUAL INPUT

PRODUCT FOCUS

K-TYPE SURFACE TEMPERATURE PROBE

CODE: TPPC1

Used to measure the temperature of radiators and pipes, ideal for checking the flow and return temperature differential when balancing radiators.

- Quick response temperature plates suitable for 4-40mm diameter pipes
- Spring loaded jaw for secure grip
- Cable length 1m
- Compatible with any K-Type thermometer or multimeter
- Temperature range: -40°C to +100°C / -40°F to 212°F
- Conforms to RoHS directive
- BS EN60584-1, BS EN60584-3 complaint

NEW

ELECTRONIC LEAK DETECTORS

GAS LEAK DETECTOR

Identify the presence of combustible gases such as natural gas, methane, propane, butane and ammonia in appliances, valves, pipes and fittings.

- Detects between 50ppm to 1000ppm
- Hi / Low sensitivity setting
- Audible and visual alarm
- Operating conditions:
0°C to +50°C / -32°F to 122°F to 80% RH
- Auto power off
- Conforms to EMC and RoHS directive
- CE and UKCA compliant
- Battery: 2 x 1.5V AAA Alkaline (included)

Part code	Description
AH61	Gas leak detector

NEW

COMBUSTIBLE GAS LEAK DETECTOR

This combustible gas leak detector has a heated semi-conductor gas sensor and micro-processor control to provide reliable testing. Packed in a protective carry-case for portability and including a complete instruction manual, this is an essential testing tool for high performance electronic detection of combustible gases.

- Heated semiconductor gas sensor
- High - low leak sensitivity selector
- 7 LED tri-coloured visual leak level indicator
- Variable intensity audible alarm
- Ambient concentration reset
- 15.5" flexible stainless steel probe
- Detection of Methane / Hydrocarbon gases
- Sensitivity as small as 5ppm
- Operating temperature: 0°C-40°C (32°F-104°F)
- 4 x AA Batteries included

Part code	Description
A998721	Combustible gas leak detector

NEW

DIGITAL VOLTAGE INDICATOR

A two pole voltage indicator and continuity tester. Compact design and lightweight. Voltage indicators are an essential measuring tool for all trades and are used to make sure there is no risk of electrocution when working with live circuits.

- Voltage range: 12-690V AC/DC
- Continuity detection range: 0-550KΩ
- Working temperature: -10°C to +55°C / -14°F to 131°F
- Compliance: EN 61243-3 & EN 61010-1, CATIII 690V & CATIV 600V & IP64
- Indicates live circuits
- Self test function with built in flashlight
- Accurate and reliable two-pole voltage and audible continuity testing
- Supplied with pole covers that meet GS38 standard
- Battery: 2 x 1.5V AAA (included)

Part code	Description
AHVOLT1	Digital voltage indicator

NEW

NON-CONTACT ATEX VOLTAGE TESTER

ATEX approved non-contact AC Voltage Detector is easy to use. Just touch the tip against a terminal strip, outlet or supply cord and the tester will indicate if voltage is present. As well as general use this ATEX certified version is approved for use in hazardous areas such as chemical plants, oil refineries, offshore rigs & gas/ explosive environments.

- Range: 12V to 1000V 100V to 1000V
- Frequency: 50Hz / 60Hz
- Compliance: CAT IV 1000V rated IP67 rated 2m drop-proof
- Rated ATEX certified (II 2 G Ex ib IIB T4)
- Thin probe tip for working with wall outlets
- Flashlight & silent function
- Sensitivity detector & dual voltage

Part code	Description
AHATEX12	Non-contact ATEX voltage tester

NEW

VOLTAGE / METER TOOLS

NON-CONTACT VOLTAGE DETECTOR

Professional easy to use volt detector, designed to detect AC voltage from 12V - 10000V. When the probe is placed near the AC voltage the signal indicator will flash red and beeper will sound.

- Voltage range: 12-1000V AC / 48V - 1000V AC 50/60Hz
- Operating conditions: 0°C to +40°C / 32°F to 104°F
- Compliance: CATIII 1000V EN 61010-1
- Double insulated for safety around live circuits
- Conforms to LVD, EMC and RoHS Directive
- CE and UKCA Compliance
- Battery: 2 x 1.5V AAA (included)

NEW

Part code	Description
AH12	Non-contact voltage detector

DIGITAL DIFFERENTIAL PRESSURE METER KIT

Pressure test kit with a digital display and is ideal for domestic tightness testing.

- 11 pressure units - Mbar, psi, inches, H2O, bar, KPa, inHg, mmHg, ozin, ftH2O, kgcm2
- Maximum / Minimum pressure feature
- Back-light display
- Automatic power off and low battery indicator
- Digital display gauge or differential
- Hold data, record function

NEW

Part code	Description
A998673	Digital differtial pressure meter kit

PRODUCT FOCUS

MULTI-FUNCTION SCREWDRIVER

CODE: A664072

More than just a screwdriver! Perform all essential testing to outlets and small electrical appliances with this multifunction screw driver. Self-testing, safe and easy to use.

NEW

- AC voltage test-contact: 70 to 250VAC
- AC voltage test-non-contact: 70 to 600VAC
- DC voltage test: up to 250VDC
- Polarity test: 1.5V to 36VDC
- Continuity check: 0 to 50M ohM
- Detects microwave leakage: $\geq 5\text{MW/sq cm}^2$
- Extra safe self-test

DIGITAL CLAMP METER WITH TEMPERATURE FUNCTION

Easy to use clamp meter with its large trigger jaw and rotary dial making adjusting between features simple also comes with temperature function. Can be used to measure current up to 600A AC and voltage up to 600V AC.

- Double colour backlight screen
- Audible and visual alarm with flashlight
- 6000 counts true RMS
- Max / Min and data hold function
- Overload protection
- 25mm Jaw opening size
- Temperature range: -20°C to +1000°C / -4°F to 1832°F
- Max current: 600A AC, Without DCA
- Max voltage: 600V AC / DC
- Compliance: CATIII 600V, EN 61010-1, EN 61010-2-033
- Includes 1m K-Type Thermocouple & adaptor (to EN 60584)
- Conforms to LVD, EMC and RoHS Directive
- CE and UKCA Compliant
- Battery: 2 x 1.5V AAA (included)

Part code	Description
AH206	Digital clamp meter (temperature function)

NEW

COMPACT DIGITAL MULTIMETER WITH TEMPERATURE FUNCTION

A rugged high-performing, auto-ranging multimeter with a built-in temperature function. This device can measure voltage, electrical current, resistance, capacitance, frequency as well as measuring NCV.

- Backlight function
- Removable probe covers to meet GS38
- 6000 counts true RMS
- Max / Min and data hold function
- Built in flashlight
- Overload protection
- Temperature range: -20°C to +1000°C / -4°F to 1832°F
- Max voltage: 600V AC / DC
- Compliance: CATIII 600V
- Includes 1m K-Type Thermocouple & adaptor (to EN 60584)
- Conforms to LVD, EMC and RoHS Directive
- CE and UKCA Compliant
- Battery: 2 x 1.5V AAA (included)

Part code	Description
AH113	Digital clamp multimeter (temperature function)

NEW
