

HILMOR GEAR BENDERS

7/8", 1-1/8" and 1-3/8" O.D. tubing for bending soft and half-hard copper, aluminium brass, steel and other tubing and pipe which had been tempered and is suitable for bending.

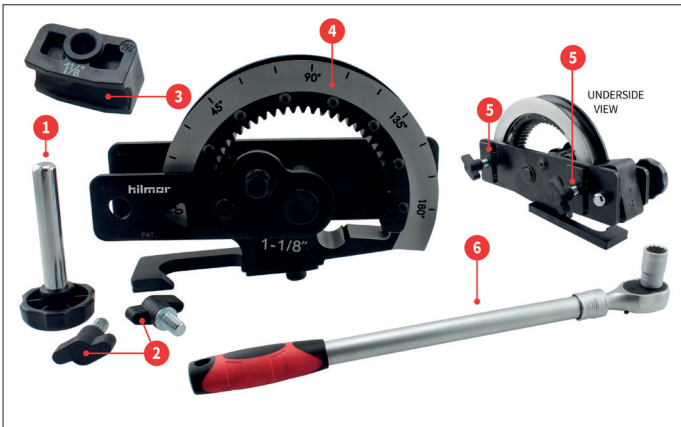

- For 7/8", 1-1/8" and 1-3/8" O.D. tubing
- Full 180° bending radius without repositioning
- Four internal main gears which maximizes engagement and reduces gear slippage producing wrinkle free bends

NB: WE RECOMMEND USING THE HILMOR TRIPOD (HIL-270-TRIPOD) WITH THIS BENDER. PLEASE NOTE IMPROPER USE OR MOUNTING COULD DAMAGE THE BENDER AND WILL INVALIDATE THE WARRANTY.

WARNING: THERE IS RISK OF INJURY IF YOU DO NOT KEEP YOUR HANDS AWAY FROM THE CENTRAL GEAR MECHANISM!

PARTS

- | | | |
|--------------------|----------------|--------------------------------|
| 1. Locking pin | 3. Guide | 5. Mounting points |
| 2. Securing screws | 4. Gear bender | 6. Ratchet wrench (extendable) |
