

## VORTEX MAP-X BRAZING GAS

Map-X burns hotter than Vortex Propane, which makes it ideal for high-temperature applications. Sold in 400g non-refillable canister. Vortex gases are designed for use with any of our Vortex range of brazing torches.

### FEATURES

- Burns up to 10% hotter than other Map style gases
- Formulation accepted by all major carriers
- Easily palletised and can be bulk stored without concern

### HANDLING & STORAGE

- Extremely flammable gas
- Contains gas under pressure; may explode if heated
- Wear protective gloves
- Never expose cylinder to heat, hot surfaces, sparks, open flames and other ignition sources
- No smoking
- Do not pierce or burn, even after use
- Eliminate all ignition sources if safe to do so
- Protect from sunlight. Store in a well-ventilated place
- Never expose to temperatures exceeding 49°C / 120°F
- Do not transport in luggage or take on trains or aircrafts
- DO NOT REFILL
- To discard contact local refuse, hauler or recycle centre. Never put in a fire or incinerator. Do not puncture
